Antioch College  
795 Livermore Street  
Yellow Springs, OH 45387

## **A Vote of Truth and Justice**

WHEREAS the Chancellor of Antioch University made decisions that resulted in our sister and other employees being sent home in fear of losing their jobs, removing access to their workplace and email with no warning, explanation or transparency, and resulted in communication being sent out in their names without their knowledge or consent.

AND WHEREAS the Chancellor has provided a letter to our sister and other employees with an inadequate explanation of why this was done, blaming the action on a locksmith's timing, and not even addressing the issue of theft of the employees' names.

AND WHEREAS the theft of one's name is forgery, and subject to legal action.

AND WHEREAS our members, had they performed these actions, would be fired for dishonesty, lying or forgery.

AND WHEREAS The Chancellor and the University Administration, while they may have the power to manage the campus as they see fit, are not above the law.

THEREFORE, we, the members of UE Local 767, call upon the University Board of Trustees to address this matter and demand that the Chancellor explain her action and apologize for these secretive, unethical and illegal acts. We also ask for a commitment from the University to act with transparency, honesty and justice henceforth.

Approved 9/24/07
