Dear President Zucker:

I am writing to thank you and the other esteemed members of the Antioch University Board of Trustees for your efforts to produce a sound strategy for the future of this important institution.

I am encouraged by the recent discussions. They clearly indicate progress toward an agreement that advances the best interests of the students and employees of Antioch, as well as the community to which it contributes so meaningfully.

I firmly believe that Antioch should continue to fulfill its vital educational mission with no disruption, and I would be pleased to work with Chancellor Fingerhut and the Board to help meet that crucial objective.

Thank you again for your beneficial efforts.

Sincerely,
