To: Arthur Zucker, Chair, Antioch University Board of Trustees

From: Faculty and Staff, Antioch University Los Angeles

Dear Art,

This morning at 11:00 a significant number of fulltime faculty and staff of Antioch University Los Angeles met. We understand that the Antioch University Board of Trustees is voting on a proposal that has come to be known as the 10/10 Plan. After discussion, those present voted unanimously to inform the Board of Trustees of their opposition to the 10/10 Plan. We believe that the acceptance of such a proposal is antithetical to the interests of the entire University.

We therefore urge that the 10/10 Plan not be adopted by the Board of Trustees and that the Board work toward a mutually beneficial resolution.
